

Q2

2022

INTERIM REPORT JANUARY – JUNE 2022

Continued healthy growth and stable profitability

Second quarter 2022

- Order intake increased 20 per cent to SEK 519 million (431); organic order growth was 16 per cent.
- Net sales increased 35 per cent to SEK 534 million (395); organic net sales growth was 31 per cent.
- Operating profit increased 19 per cent to SEK 99 million (83) and the operating margin was 18.5 per cent (21.0).
- Profit for the period increased 32 per cent to SEK 82 million (62).
- Basic and diluted earnings per share amounted to SEK 0.47 (0.37).

Significant events during the second quarter

- Price increases for customers were announced on new orders as of 1 April 2022 in addition to the annual price adjustments that came into effect on 1 January.
- A third generation tiltrotator system was launched at various trade shows.
- At an Extraordinary General Meeting on 9 May, an extra dividend of SEK 90 million was approved, which was paid at the end of May.

January–June 2022

- Order intake increased 29 per cent to SEK 1,103 million (852); organic order growth was 25 per cent.
- Net sales increased 29 per cent to SEK 981 million (759); organic net sales growth was 25 per cent.
- Operating profit increased 21 per cent to SEK 190 million (157) and the operating margin was 19.4 per cent (20.7).
- Profit for the period increased 31 per cent to SEK 156 million (119).
- Basic and diluted earnings per share amounted to SEK 0.93 (0.70).

- In June, Rototilt Group AB filed a lawsuit regarding an alleged infringement of patented sensor technology in the Q-safe locking system. engcon has contested the claim.
- On 17 June, engcon's class B shares were listed on Nasdaq Stockholm.

CEO'S COMMENTS

Our new tiltrotator system is taking important steps forward in the sustainability field, applying smart technology to reduce energy consumption and is adapted for the electrification of excavators.

With a successful listing on Nasdaq Stockholm in June, engcon achieved an important milestone for the future. We broadened and strengthened our ownership structure and are welcoming all new shareholders to be part of our continued journey to change the world of digging. Our business model and long-term growth potential have received a very positive reception by all stakeholders.

We noted continued healthy demand and profitability in the second quarter despite an uncertain business environment. A strong order book will provide the basis for stable earnings for the quarters ahead. In the longer term, we take a confident view of a global market that is evolving and that is expected to post strong growth.

Continued healthy order intake and stable profitability

In the second quarter, our customers' investment appetite remained high, resulting in organic order intake growth of 16 per cent. Geographically, North America accounted for the largest percentage increase, while we noted a certain slowdown in the Nordic region due to such factors as a larger share of orders in earlier quarters. The order book for the quarters ahead is significantly higher than on the corresponding date last year, creating healthy conditions to be able to deliver on our financial targets. Net sales for the quarter increased by 31 per cent organically and operating profit improved by 19 per cent with contributions from all geographical markets. Expenses for the listing and the change of group-wide business systems had a marginal impact on the operating margin for the quarter and for the six-month period.

The gross margin was stable and price increases introduced at the start of the year as well as in early April offset somewhat the higher prices of raw materials, components and shipping. We anticipate that the price increases will gradually reach full effect in the next two quarters. The availability of certain components increased during the quarter, and even if deliveries cannot yet be optimised, we are seeing a reduction in lead times, which is positive.

Third generation innovative tiltrotator system

During the quarter, engcon launched a third generation tiltrotator, which is designed for even smarter, smoother and more efficient digging. Our new tiltrotator system is taking important steps forward in the sustainability field, applying smart technology to reduce energy consumption and is adapted ready for the electrification of excavators. The third generation tiltrotator is being presented at trade shows in 2022 and production will begin in the first quarter of 2023.

Following the restrictions in recent years due to the pandemic, we are looking forward to forthcoming trade shows and other events that provide us with the opportunity to meet our customers and end users, which is a key aspect of spreading awareness of our products and brand.

Value-creating global growth

engcon delivered a good quarter despite an uncertain business environment. However, record-high energy prices and the subsequent consequences may affect demand from our customers. Since engcon does not have any exposure to Russia or Ukraine, the conflict has not led to any direct impact on our operations. In the long term, we see continued healthy growth for resource-efficient digging, and our ambition is to continue to strengthen our position as an industry-leading innovator of tiltrotators.

One of our strengths is our committed employees and our ability to manage changing conditions by rapidly adapting our organisation and cost base. Another strength is our innovative capability and robust focus on developing the solutions of the future through strategic partnerships with excavator manufacturers and close relationships with end customers. We also have a long history of profitable and capital-efficient growth. All in all, we are well equipped to deliver on our financial targets and our long-term plan for continued value-creating growth globally.

Krister Blomgren
President and CEO

GROUP'S FINANCIAL PERFORMANCE

engcon Group's operations are conducted and reported as a single segment. As further disclosures, order intake and net sales are reported based on the Group's geographic regions: Nordic region, Europe, Americas and Asia-Oceania, which includes the rest of the world.

Of total net sales, Sweden accounted for SEK 205 million (176).

Order intake and net sales

Second quarter 2022

Order intake during the quarter amounted to SEK 519 million (431), an increase of 20 per cent, corresponding to organic order intake growth of 16 per cent.

Order growth remained healthy during the quarter, with the largest percentage increase noted in the Americas. Order intake for the Nordic region was somewhat weaker due to such factors as a higher amount of orders placed during the end of 2021 and in the first quarter of 2022.

Net sales during the quarter amounted to SEK 534 million (395), an increase of 35 per cent, corresponding to organic net sales growth of 31 per cent.

All geographic regions recorded healthy net sales growth, with the largest percentage increase during the quarter noted in Europe. Net sales in Europe were higher in the second quarter as the result of improved delivery capacity compared with the first quarter.

January–June 2022

Order intake during the period amounted to SEK 1,103 million (852), an increase of 29 per cent, corresponding to organic order intake growth of 26 per cent.

All geographic regions recorded healthy order growth during the period, with the largest percentage increase noted in the Americas and Asia-Oceania. The increase in the Nordic region was also healthy considering the market's maturity and the amount of orders placed at the end of 2021.

Net sales during the period amounted to SEK 981 million (759), an increase of 29 per cent, corresponding to organic net sales growth of 25 per cent.

Net sales in Europe were higher in the period as the result of improved delivery capacity compared with the corresponding period of the preceding year. Other geographic regions reported healthy net sales growth, with the largest percentage increase during the period noted in Asia-Oceania.

Net sales by quarter, SEK million

EBIT SEK million and EBIT margin by quarter

Earnings and net financial items

Second quarter 2022

Gross earnings during the quarter amounted to SEK 227 million (167), an increase of 36 per cent. The gross margin was stable and amounted to 42.5 per cent (42.3) and was positively impacted by two price adjustments that came into force on 1 January and 1 April 2022, respectively, and that are expected to have full impact in the second half of 2022. The price adjustments offset increased costs of goods sold attributable to higher costs for components, raw materials and freight.

EBIT for the quarter amounted to SEK 99 million (83), an increase of 19 per cent. The operating margin was 18.5 per cent (21.0).

Increased net sales improved operating profit. The operating margin was somewhat lower compared with the year-on-year quarter and was impacted by higher costs related to the company's listing of SEK 11 million (0), and the change of group-wide business system of SEK 6 million (1) that is expected to be completed in 2023.

The effect of the fair value of derivative instruments amounted to SEK -16 million (1) for the quarter.

Net financial items for the quarter amounted to SEK 9 million (-4). Profit before tax for the quarter amounted to SEK 108 million (79).

Income tax for the quarter was SEK -26 million (-17). The effective tax rate for the quarter amounted to 24.0 per cent (21.5).

Total earnings for continuing and discontinued operations after tax for the quarter amounted to SEK 82 million (62). For more information, see note 5.

January–June 2022

Gross earnings during the period amounted to SEK 408 million (321), an increase of 27 per cent. The gross margin was 41.5 per cent (42.3) and was impacted by increased costs of goods sold attributable to higher costs for components, raw materials and freight. A positive influencing factor was the two price adjustments that came into force on 1 January and 1 April 2022, respectively, and that are expected to have full impact in the second half of 2022.

EBIT for the period amounted to SEK 190 million (157), an increase of 21 per cent. The operating margin was 19.4 per cent (20.7).

Increased net sales improved operating profit. The operating margin was impacted by higher costs for sold goods and costs for the build-up of local sales organisations, costs of SEK 16 million (0) related to the company's listing, and the change of group-wide business system of SEK 10 million (3) that is expected to be completed during 2023.

The effect of the fair value of derivative instruments amounted to SEK -16 million (0) for the period.

Net financial items for the period amounted to SEK 11 million (-3). Profit before tax for the period amounted to SEK 201 million (154).

Income tax for the period was SEK -45 million (-35). The effective tax rate for the quarter amounted to 23.7 per cent (23.0).

Total earnings for continuing and discontinued operations after tax for the period amounted to SEK 156 million (121).

Investments and depreciation/amortisation

Investments in intangible and tangible assets and right-of-use assets amounted to SEK 19 million (15) for the quarter and SEK 52 million (17) for the period. The investments were mainly attributable to machinery and development costs for the third generation tiltrotator. Depreciation and amortisation of tangible and intangible assets amounted to SEK 10 million (7) for the quarter and SEK 19 million (12) for the period.

Cash flow¹

Cash flow from operating activities amounted to SEK 92 million (53) for the quarter and SEK 97 (94) for the period, which was mainly attributable to improved profitability was also influenced by increased capital tied up in inventory.

Cash flow from investing activities amounted to SEK -11 million (-4) for the quarter and SEK -23 million (-7) for the period. The investments were mainly attributable to machinery and development costs for the third generation tiltrotator.

Cash flow from financing activities amounted to SEK -111 million (-140) for the quarter and SEK -267 million (-145) for the period. The change was primarily attributable to the dividend paid.

Total cash flow from operations amounted to SEK -30 million (-91) for the quarter and SEK -193 million (-58) for the period.

Financial position and return

	30 Jun 2022	30 Jun 2021	31 Dec 2021
Total borrowing, SEK million	68	86	75
Bank overdraft facilities, SEK million	186	n/a	n/a
Total lease liabilities, SEK million	78	49	47
Cash and cash equivalents, SEK million	-29	-152	-228
Net debt (+) / Net cash (-), SEK million	303	-17	-106
Equity, SEK million	334	552	613
Equity/assets ratio, %	31.5	53.4	60.5
Return on capital employed, %	57.5	n/a	47.8

The strong order intake and disruptions in the supply chain resulted in greater purchases of various components during the period to ensure deliveries. This resulted in an increase in inventory, which amounted to SEK 393 million at the end of the period compared with SEK 303 million on 31 December 2021. The strong net sales resulted in an increase in accounts receivable from SEK 208 million to SEK 298 million.

The increase in net debt and reduction in equity, as well as a lower equity/assets ratio was attributable to the dividend paid. The Group had unutilized credit facilities of SEK 132 million at the end of the quarter compared with SEK 80 million on 31 December 2021. The Group's existing credit facility amounted to a total of SEK 318 million.

¹ Cash flow pertains to continuing and discontinued operations.

SIGNIFICANT EVENTS

On 17 June 2022, trading commenced for engcon's class B shares on Nasdaq Stockholm.

Second quarter

- Price increases for customers were announced on new orders as of 1 April 2022 in addition to the annual price adjustments that came into effect on 1 January.
- A third generation tiltrotator system was launched at various trade shows. Manufacturing will begin in early 2023.
- At an Extraordinary General Meeting on 9 May, an extra dividend of SEK 90 million was approved, which was paid at the end of May.
- In June, Rototilt Group AB filed a lawsuit regarding an alleged infringement of patented sensor technology in the Q-safe locking system. engcon has contested the claim. For more information, see page 7.
- On 31 May, engcon announced its intention to list its class B share on Nasdaq Stockholm. Interest in the offering was considerable and the first day of trading was 17 June.

FINANCIAL TARGETS AND DIVIDEND POLICY

Net sales growth

- engcon's objective is to exceed the growth in existing markets¹ through organic growth.

Profitability

- engcon's targets an operating margin (EBIT margin) in excess of 20 per cent measured over a business cycle.

Capital efficiency

- engcon will continue to achieve an industry-leading capital efficiency. Return on capital employed (ROCE) to exceed 40 per cent measured over a business cycle.

Capital structure

- engcon will maintain a strong capital structure supporting further expansive organic growth and dividends to shareholders. that supports further expansive organic growth and dividends to shareholders. Equity to assets ratio to be above 35 per cent.

Dividend policy

- engcon will pay approximately 50 per cent of net profit in dividends. The dividend proposal will consider engcon's long-term development potential, financial position and investment needs.

¹ The focus market is estimated to increase with a compound annual growth rate of approximately 19 per cent during the period 2021 to 2026, according to the Strategy& (PwC) market report 2022.

OTHER INFORMATION

Risks and uncertainties

engcon is, by way of its operations, exposed to various risks that may give rise to variations in earnings and cash flow. Significant risks and uncertainties include industry and market risks, operational risks and financial risks. Risks and uncertainties are consistent with the description contained in the 2021 Annual Report, pages 22-24 and pages 57-60, with the addition of what is stated below. The Annual Report is available from engcon AB, Godsgatan 6, SE-833 36 Strömsund, Sweden.

Although the prevailing global situation had no major impact on engcon's operations during the period, engcon, like most companies, may be affected going forward. The uncertainty related to the war in Ukraine, the COVID-19 pandemic and the prevailing external and economic situation with increased inflation and announced interest-rate hikes could entail further disruptions to the supply chain, with longer lead times as a consequence, and could result in continued rising prices for raw materials, energy, components and freight, as well as reduced demand.

The Board and Group management continue to closely monitor developments and the potential effects these could lead to. Two price increases were announced in 2022, on 1 January and 1 April, respectively, to offset the increased costs.

Lawsuit

In lawsuit filed in June 2022, Rototilt Group AB has alleged that engcon has infringed upon a patent owned by Rototilt and has claimed damages of approximately SEK 120 million. The alleged infringement relates to sensor technology in the Q-safe locking system.

In consultation with experts in the field of patent law engaged by engcon as well as with the company's legal advisors, engcon has assessed that no patent infringement has taken place and thus no provision for this has been made in the accounts. In April 2022, engcon appealed the decision to grant the patent in question to the European Patent Office (EPO) and requested that the patent be declared invalid. Processing of this matter in the EPO is ongoing.

Employees

The average number of full-time employees at year-end amounted to 376 (314), of whom 22 per cent (19) were women and 78 per cent (81) men.

Extraordinary General Meeting 2022

An Extraordinary General Meeting was held on 9 May 2022 at the company's Head Office in Strömsund, Sweden. The Extraordinary General Meeting, in accordance with the Board's proposal, decided that an extra dividend of SEK 90 million be distributed, which was paid at the end of May.

Seasonal variations

Seasonal variations have little impact on engcon's operations and diminish successively on account of sales in several markets, which contributes to a more even earnings trend over the course of the year. The fourth quarter is normally characterised by a higher order intake, partly as an effect of forthcoming price increases.

Share capital and shareholders

The company's registered share capital at 30 June 2022 amounted to SEK 21,250,320, distributed among 35,344,778 class A shares and 116,443,222 class B shares. The shares have a quotient value of SEK 0.14 per share. Each Class A share represents ten votes and each Class B share one vote. On 30 June 2022, there were 3,553 shareholders in the company. The company's largest shareholder on 30 June 2022 was the company's founder, Stig Engström, through the company Ommapo Förvaltning AB, which controlled 37.4 per cent of the capital and 67.7 per cent of the votes. The second largest shareholder was Monica Engström through the company Monen Holding AB, which controlled 33.8 per cent of the capital and 23.0 per cent of the votes. Following these, Nordstjernen, Capital Group, Svolder AB, Formica Capital AB and Handelsbanken Fonder were engcon's largest shareholders. For more information, see www.engcongroup.com.

Parent Company

The Parent Company's net sales amounted to SEK 16 million (16) for the quarter and SEK 30 million (29) for the period.

Operating loss for the quarter amounted to SEK -20 million (-6) and SEK -33 million (-15) for the period. Net profit/loss for the quarter amounted to SEK -18 million (153) and SEK -30 million (145) for the period.

Amounts and dates

Amounts are presented in SEK million unless otherwise indicated. All comparative figures pertain to the same period of the preceding year. Rounding differences may occur.

SIGNING OF THE REPORT

The Board of Directors and CEO give their assurance that this interim report provides a true and fair account of the company's and the Group's operations, financial position and earnings, and that it describes the significant risks and uncertainties faced by the company and those companies that form the Group. This interim report has not been reviewed by the company's auditors.

NOTES TO THE ACCOUNTS

NOTE 1. ACCOUNTING POLICIES

engcon's consolidated financial statements have been prepared in accordance with the International Financial Reporting Standards (IFRS) as approved by the EU. This interim report has been prepared in accordance with IAS 34 Interim Financial Reporting and applicable rules in the Swedish Annual Accounts Act. The Parent Company's interim report has been prepared in accordance with the Swedish Annual Accounts Act and Recommendation RFR 2 Financial Reporting for Legal Entities of the Swedish Financial Reporting Board. Disclosures according to IAS 34 are provided in the notes and elsewhere in the interim report. The

accounting policies applied in the preparation of this interim report apply to all periods and correspond with the accounting policies presented in engcon's 2021 Annual Report, Note 2 Accounting policies. No new and revised standards and interpretations that came into force on 1 January 2022 are deemed to have any material impact on engcon's financial statements.

From 1 January 2022, lease liabilities are divided into long and short-term components, and the comparison periods were restated. At 31 December 2021, SEK 11 million was reclassified from long-term to short-term lease liabilities.

NOTE 2. KEY ASSESSMENTS AND ESTIMATES

The preparation of financial statements requires management to make assessments and estimates in addition to the assessments that impact the application of the accounting policies and the recognised amounts of assets, liabilities, revenue and expenses. Actual outcomes may differ

from these estimates. The assessments and sources of uncertainty in the estimates correspond with those presented in the most recent annual report. For more details on key assessments and estimates, refer to the 2021 Annual Report, Note 3 and to page 7 of the section on risks and uncertainties.

NOTE 3. FAIR VALUE OF FINANCIAL INSTRUMENTS

The fair value of the Group's financial instruments, which are measured at fair value on a recurring basis.

Receivables

The company has a loan receivable amounting to SEK 2 million (4) to a French counterpart that does not solely include contractual cash flows in the form of repayment and interest and is therefore categorised at fair value through profit or loss. However, the loan will be repaid within four years. The instrument is to be considered as level 2, since it is measured through calculation of discounted cash flows with interest and the credit margin as per the balance sheet date.

Derivatives

The company holds currency futures that are measured at fair value at level 2 through profit or loss. At 30 June, there was a receivable amounting to SEK 0 million (0) and a liability amounting to SEK 15 million (0). The measurement method is discounting of contractual cash flows with interest and currency on the balance sheet date.

No transfers were made between level 1 and level 2 during the current or prior years.

The company is of the opinion that the carrying amount is a reasonable approximation of the fair value of all financial instruments.

NOTE 4. EARNINGS PER SHARE

	Q2		Jan-Jun		Jan-Dec
	2022	2021	2022	2021	2021
Continuing operations:					
Profit/loss for the period from continuing operations attributable to shareholders of the Parent Company, SEK million	72.0	57.0	141.0	107.0	249.0
Right of preference, SEK million	-	-0.8	-	-0.8	-0.8
Profit/loss for the period from continuing operations attributable to shareholders of the Parent Company, adjusted, SEK million	72.0	56.2	141.0	106.2	248.2
Average number of ordinary shares outstanding	151,788,000	151,788,000	151,788,000	151,788,000	151,788,000
Basic and diluted earnings per share, SEK	0.47	0.37	0.93	0.70	1.64
Total (incl. discontinued operations):					
Total profit/loss for the period attributable to shareholders of the Parent Company, SEK million	72.0	56.0	141.0	107.0	293.0
Right of preference, SEK million	-	-0.8	-	-0.8	-0.8
Total profit/loss for the period attributable to shareholders of the Parent Company, adjusted, SEK million	72.0	55.2	141.0	106.2	292.2
Average number of ordinary shares outstanding	151,788,000	151,788,000	151,788,000	151,788,000	151,788,000
Basic and diluted earnings per share, SEK	0.47	0.36	0.93	0.70	1.93

During the period, former preference shares were converted to ordinary shares. Since no capital was raised in conjunction with this, the number of ordinary shares were adjusted retroactively, which had an immaterial effect on earnings per share. In earlier periods, earnings per share before and after dilution were affected by the dividend on preference shares. Formula for calculation of earnings per share: earnings per

share = (profit/loss for the period – dividend on preference shares)/average number of ordinary shares outstanding. On 24 November 2021, an Extraordinary General Meeting was held, which resolved to implement a share split (14,000:1). The table above shows the number of shares and values after the split was completed and comparative data have been updated correspondingly.

NOTE 5. SEGMENT REPORTING AND ALLOCATION OF REVENUE

Operating segments are accounted for in a way that is consistent with the internal reports submitted to the chief operating decision maker. Group management and the CEO have been identified as the chief operating decision makers for assessment of the Group's earnings and position, as well as making strategic decisions. Group management and the CEO monitor the financial development in the Group as a unit. Accordingly, only one segment is recognised, which corresponds with the Group's income statement. The reason that the Group is monitored as a segment is that earnings measures are only monitored at total level, since production and other overall costs are central for the Group and not distributed among the geographical market regions. Only the regions' sales and order intake in volume are monitored at a level lower than the operating segment.

Geographical market regions

The Group's sales are divided into four geographical market regions:

- Nordic region – Sweden, Denmark, Norway and Finland
- Europe – Europe excluding the Nordic region
- Americas – North America and South America
- Asia-Oceania – Japan, South Korea, Australia, New Zealand and Rest of the world

Internal sales are conducted between the production companies and the local sales companies, as well as between the local sales companies. Sales and installations are mainly conducted through resellers and our own local sales companies.

Net sales by geographic region, continuing operations

SEK million	Q2			Jan-Jun			Jan-Dec
	2022	2021	Δ%	2022	2021	Δ%	2021
Nordic region	306	245	25	575	460	25	853
Europe	147	103	43	256	216	19	442
Americas	38	27	41	67	49	37	115
Asia-Oceania	27	20	35	55	34	62	78
Total excl. foreign exchange	518	395	31	953	759	25	1,488
Foreign exchange effect	16	-	-	28	-	-	-
Total	534	395	35	981	759	29	1,488

Of total net sales, Sweden, where the company is domiciled, accounted for SEK 205 million (176). The net sales above are based on where the customer is domiciled.

NOTE 6. DISCONTINUED OPERATIONS

At an Extraordinary General Meeting on 24 November 2021, a resolution was passed on a distribution in kind of 100 per cent of the Group's holding in Mähler International AB, which accounted for 10 per cent of the Group's net sales during 2021. The distribution was carried out in order to streamline the Group's operations. In accordance with IFRIC 17, Mähler

International AB was remeasured in the Group, resulting in a positive effect of SEK 36 million for full-year 2021. Details of the assets and liabilities distributed and the calculation of profit or loss from the distribution in kind are reported below. The result from the discontinued operations, which was included in earnings for 2021, is specified below.

SEK million	Q2		Jan-Jun		Jan-Dec
	2022	2021	2022	2021	2021
Net sales	-	25	-	57	137
Expenses	-	-25	-	-55	-127
Profit/loss before tax	-	-0	-	2	10
Income tax	-	-	-	-	-2
Profit on disposal of discontinued operations	-	-	-	-	36
Profit/loss from discontinued operations after tax	-	-0	-	2	44

NOTE 7. INCENTIVE PROGRAMS

At an Extraordinary General Meeting in 2021, the Board resolved to introduce a long-term incentive program in the form of a warrant program for employees in the engcon Group. The purpose of the program is to encourage broad-based share ownership amongst the company's employees, facilitate recruitment, maintain competent employees, increase the alignment of interests between the employees and the company's shareholders and increase motivation to reach or exceed the company's financial targets. As of 30 June, 231 employees were participating in the warrant program. A total of 1,517,880 warrants were

issued, of which 1,336,785 were subscribed for. Each warrant entitles the holder to subscribe for one share in engcon at an agreed future price. Warrants are conditional on a vesting period of five years. To participate in this program, employees encompassed by the program pay a premium that is based on the fair value of allotted warrants that are measured in accordance with the Black & Scholes model. Therefore, for this program, no cost is recognised during the vesting period since employees have paid the fair value.

NOTE 8. RELATED-PARTY TRANSACTIONS

The company's principal owners, Ommapo Förvaltning AB and Monen Holding AB, which are also principal owners of Mähler International AB, had transactions with engcon AB during the quarter through Mähler International AB. The value of the transactions amounted to SEK 5.5 million (4.3)

and mainly comprised products. In addition to these transactions, Ommapo Förvaltning AB delivered services to engcon AB for KSEK 180 (119) and Monen Holding AB delivered services for KSEK 10 (13). All transactions were conducted at market value.

NOTE 9. EVENTS AFTER THE BALANCE SHEET DATE

No significant events occurred after the balance sheet date

ALTERNATIVE PERFORMANCE MEASURES AND FINANCIAL DEFINITIONS

This interim report contains references to a number of earnings measures (performance measures). Some of these performance measures are defined in IFRS, while others are alternative performance measures that are not recognised in accordance with applicable frameworks for financial reporting or other legislation. These alternative performance measures

comprise a complement to assist investors and company management in analysing the operations. Below is a report on the reconciliation of alternative performance measures and definitions of performance measures with a motivation for their use.

¹ The performance measures for 2021 include assets and liabilities for discontinued operations.

Definitions

Key performance indicators	Definition	Explanation
Return on capital employed	Pre-tax profit plus interest expenses as a percentage of average capital employed, rolling 12 months.	Return on capital employed is a profitability measure used to put earnings in relation to the capital required to conduct operations.
EBITDA	Operating profit before interest and taxes and amortisation of intangible assets and depreciation of tangible assets.	EBITDA is used to facilitate comparisons and assessments of the company's cash flow.
Gross margin	Gross profit divided by net sales.	Gross margin is used to measure product profitability.
Average number of employees	Average number of full-time employees during the reporting period.	Non-financial performance measure.
Net debt (+) / Net cash (-)	Defined as interest-bearing debt minus cash and cash equivalents and certain other financial assets. Interest-bearing debt includes liabilities to credit institutions and lease liabilities.	To ensure that engcon has a stable financing structure and can meet its financial commitments in accordance with its loan agreements.
Net debt (+) / Net cash (-) through EBITDA	Defined as interest-bearing debt minus cash and cash equivalents and certain other financial assets through EBITDA. Interest-bearing debt includes liabilities to credit institutions and lease liabilities.	To ensure that engcon has a stable financing structure and can meet its financial commitments in accordance with its loan agreements.
Order intake	Total order intake during the period calculated in the same way as net sales.	Order intake provides an indication of the current demand for the Group's products and services, which becomes apparent in net sales with varying delays.
Organic net sales growth	Change in net sales as a percentage of net sales during the comparative period in the preceding year for the companies that were part of the Group for the entire comparative period and the current period, excluding translation effects from exchange-rate differences.	Relevant measure for the assessment of the company's capacity to create growth through volume, price and product/service offering in operating activities.
Organic growth in order intake	Organic growth in order intake is growth in order intake excluding translation effects from exchange-rate differences, as well as acquisitions and divestments.	It provides an understanding for the Group's order intake, which is driven by changes in volume, price and product/service offering.
Earnings per share	Earnings per share for the period, in SEK, attributable to the Parent Company shareholders, in relation to the weighted average number of shares before and after dilution.	Performance measures in accordance with IFRS.
Interest coverage ratio	EBIT plus financial income through interest expenses.	To ensure that engcon has a stable financing structure and can meet its financial commitments in accordance with its loan agreements.
Operating profit (EBIT)	Earnings before interest and taxes.	Enables comparisons of profitability regardless of capital structure or tax situation.
Operating margin (EBIT margin)	Operating profit divided by net sales.	The EBIT margin is used to measure operational profitability.
Equity/assets ratio	Equity including non-controlling interests divided by total assets.	A key measurement for the assessment of the company's financial stability.
Capital employed	Total assets less non-interest-bearing liabilities.	Capital employed shows the proportion of the company's assets that are financed by capital requiring returns.

ABOUT ENGCN

Business operations

engcon AB is the leading global manufacturer of tiltrotators with accessories, which enhance excavators' profitability, effectiveness, flexibility, safety and sustainability. Under our own brand, we offer a unique overall solution that transforms an excavator into a tool carrier that can replace several other machines.

engcon focuses on an attractive market niche, where our products contribute to changing the conditions for digging by ensuring the sustainable and responsible use of resources. From the beginning, we have formed close relationships with end users of our products, with the aim of optimising their everyday work.

We address the market through our 13 local sales companies and through an established network of resellers. With our slightly more than 400 employees, engcon is currently active in 16 markets. The head office is located in Strömsund, in northern Sweden, and this is also the location of our largest production facility. We also have a production facility in Nieprzszewo, Poland.

Our vision

Change the world of digging.

Our mission

To become the world's leading, independent manufacturer of advanced attachments for excavators worldwide.

16 markets.

13 local sales companies

400+ employees

SEK 1.5 billion in net sales in 2021

CHANGE THE WORLD OF DIGGING
